Tab Teams

The screenshot shows the 'freescoreboard' application window. The 'Teams' tab is active. On the left, a list of teams is shown, with 'Hochsal' selected. On the right, the 'Team' configuration fields are visible: Team (Hochsal), Short Name (Hochs), Goal sound, and two Picture slots (Picture 1 and Picture 2). Below this, the 'Player' section shows a table of players for the selected team. The table has columns for Surname and First Name. The first player, Fischer, is highlighted. To the right of the table, the 'Player' configuration fields are visible: internal ID (46), ID, Surname (Fischer), First Name (Hans), Nickname, Short, and Image (C:\Users\juerg\Pictures\images.jpg). At the bottom, a status bar shows 'Match' selected, and a navigation bar with buttons for Break, Pictures, Table, Schedule, and Events.

Surname	First Name

When the program is started the first time, you should maintain the teams at first. Before maintaining parameters and plays on the right side, you have to select a team on the left side. Player can be added directly on the lower table. To delete a plyer, you have to select the row and press the delete key.
