Basically this software runs also with less hardware requirements.

Software:

Min. Windows 7

[.net 4.61](#)

[MS LocalDB 2012](#)

Basic Functionality:

With this software you can control complete tournaments as well as single matches. During the match you can control the timer and goal scores. Via a second screen the scoreboard can be displayed on a second screen.

Setup:

You need administrator permissions for the installation.

Softwarestart:

The program is starting in „free match“ mode.

Means:

- You can type the teams name directly into the Home and Guest field.
- You can directly start the timer.
- You can directly count goals.
