3 reasons why this software is free

1. At first I have to say that this project is my hobby and I really enjoy to code.

2. I also using freeware like Gimp, Notepad++, IrfanView, usw.

This Software is my participation to this community and also a kind of payment to other freeware developers.

3. I was also an active member of a sports club.

Therefore I know that it is often impossible for small clubs to buy expensive professional solutions.

Anyhow, meanwhile I work on this project for more than 10 years. I spend a lot of my free time to provide this software. The PC, power and web hosting is not for free. Therefore I appreciate if you want support me. Already few Euro, Dollars or Swiss Franks will motivate me a lot.

Donate

You do not donate to an organisation. If you donate it is only an appreciation and support for my dedication.
